Deco WC Tulip and Deco WC Daisy in Smooth texture and Pure White colour.

## Quare Design

At Quare we offer decorative solutions with design and quality products for the bathroom. We have a wide variety of textures and colours, and we also manufacture made-to-measure products to adapt to the tastes and needs of each client.

The quality of our shower trays, washbasins, countertops, panels and deco-WC is our priority.

The choice of our designs, top-quality raw materials, the development of our production processes, as well as the specific Quarex chemical formula, validated over years of testing, are the pillars of the quality of our final product.

We aim to be the leading manufacturer in the quality and design of products made of resin with mineral fillers for the bathroom.

Our new state-of-the-art facilities allow us to contemplate substantial production growth.

The sum of all these efforts gives us the confidence to offer a 5-year guarantee on all our products. We aim to exceed the expectations and demands of our customers.

With Quare, our customers not only acquire a washbasin or a shower tray, but they also find design, quality, and functionality for their daily life.

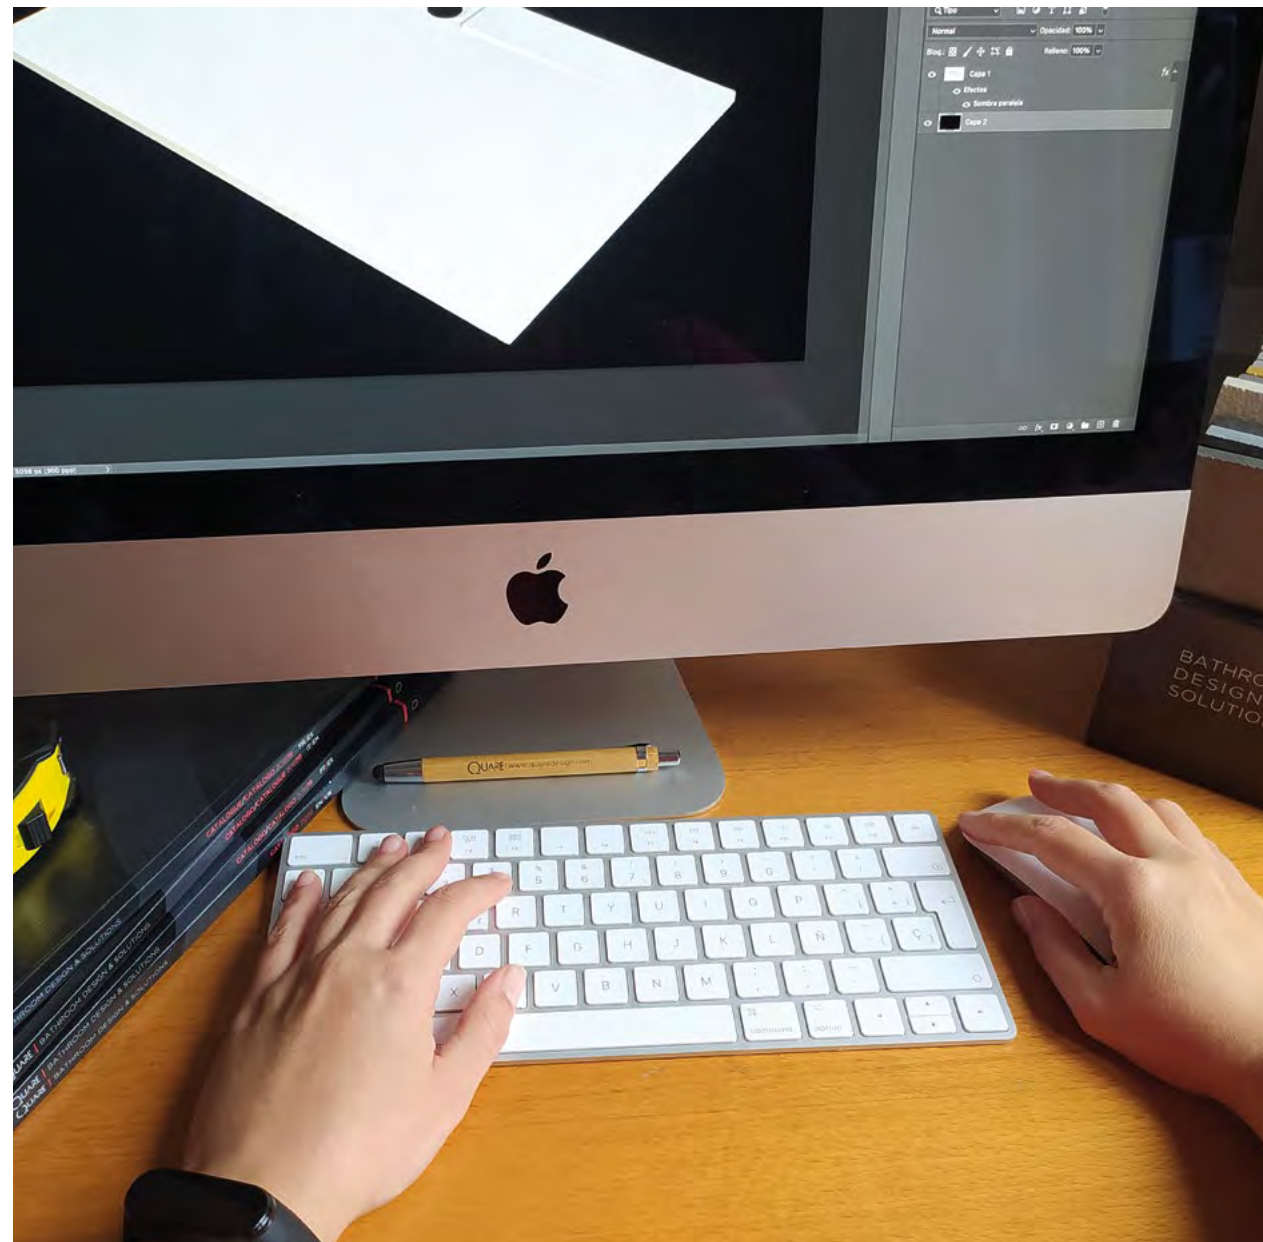

## Quare Team

The team is the great strength of Quare Design. Seven nationalities from all over the world are represented in our company. This diversity brings us closer to our customers, as we export 98% of our production to nine European countries.

Our strength also comes from the variety and complementarity of our team, made up of men and women from different professional backgrounds such as industry, logistics, chemistry, fashion, or design. This plurality brings a very broad perspective to what our environment demands.

We are committed to our customers in such a way that our attention is always personalised and in our customer's language, not only during the purchasing process but also in the after-sales service.

At Quare we place great value on training and internal promotion to maintain and grow the talent of our team. The individual growth of each of the people who make up Quare Design is what makes us great as a company.

## Sustainability

---

At Quare we care for the environment and preserve the environment. These are unavoidable maxims since the origin of our company.

Among the advantages of our manufacturing process, it is worth mentioning that our industrial process uses low-temperature ovens that do not exceed 60°C. This process generates much fewer gases and less energy consumption than those produced in the manufacture of our products of ceramic shower trays, which

require temperatures of over 1100 degrees, or enamel steel which is processed at 860 degrees.

Both in our offices and our production plant we have decided to minimise the use of paper and to eliminate all non-recyclable material from our packaging.

To reduce our carbon footprint as much as possible, at Quare we optimise our travel and the way we work.

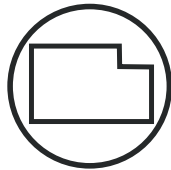

## Product Features

Guarantee 5 Years.

It can be cut on site.

Anti- slip Coating.  
DIN 52097.

Anti-bacterial treatment  
R<2 ISO 22196.

In case of damage caused by an external action, a QUARE DESIGN coating Kit G can be purchased, indicating the colour of the product to repair.

When you receive the product, make sure that it does not present any damage or other irregularity. 100% of the items supplied by QUARE DESIGN are subjected to rigorous quality control before being shipped to its customers. Keep the product in a horizontal position in its original packaging until installation. It is not advisable to place it on vertical surfaces (walls, columns, columns, etc.) in a semi-slanting position.

Installation must be carried out by qualified personnel and in compliance with the applicable local regulations in force. QUARE DESIGN cannot be held responsible for any damage caused by incorrect installation.

## COATING

Quare uses a **superior hardness** coating (< 0.1 mm, according to UNE EN14688 section 5.6; the maximum permitted 0.1 mm).

It has excellent resistance to chemicals and household cleaning products (according to EN 14527:2006), hydrolysis, and UV rays.

Includes **antibacterial treatment** R> 2 (ISO 22196).

**Anti-slip** classification according to DIN 51097 Class C (PN> 24°) and Class B (PN> 18° < 24°) depending on the texture.

## SOLID WHITE

The choice of exclusive raw materials allows us to offer a product in **natural white** without coating: Solid White by Quare, our Solid Surface. This material is **extremely compact and resistant**.

Also, it can be sanded with an abrasive sponge in case of surface marks.

Our Natural White is proof of the **internal strength of our products**.

**Anti-slip** classification according to DIN 51097 Class B (PN> 18° < 24°).

## Switching Bathtub to Shower

The perfect solution for replacing a bathtub with a shower. Easy and quick to install, without major works, it is only necessary to install the shower tray and combine it with the Quare panels.

# Quarex Formula

Our Quarex material is the result of our exclusive formula based on resin and mineral fillers. We have developed a unique manufacturing process where temperature and time control at every stage ensures a stable, hard, and tough product.

The choice of the highest quality raw materials is another key factor in our approach to product excellence.

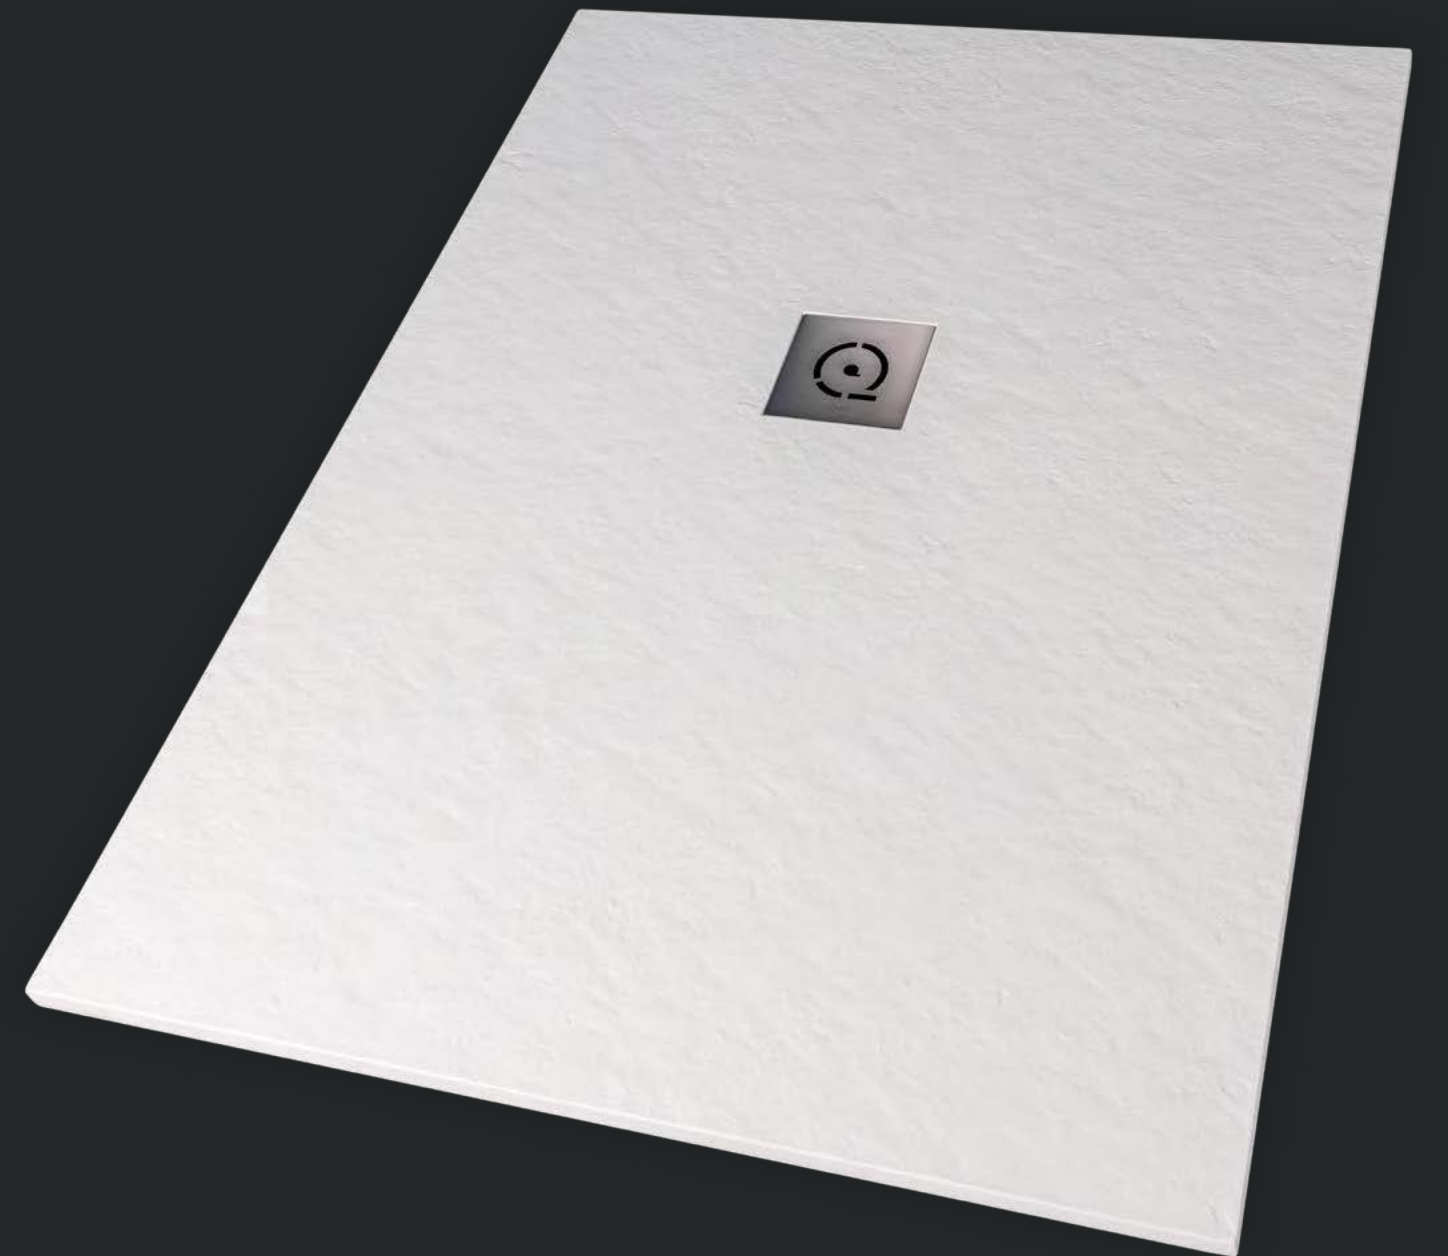

The internal components of Quare products are as important as the outside ones. How each of our products is forged is the basis for a quality result.

# Solid White

Solid White is the equivalent of our Natural White colour. Unlike the other colours, this colour is a “solid surface”, i.e. a product without any type of coating.

Our Quarex formula allows us to be the only ones on the market with this type of product.

# SHOWER TRAYS

The wide range of Quare Design shower trays stands out for its modern and elegant designs, its large dimensions, and the extreme hardness of its dimensions, and the extreme hardness of its coating.

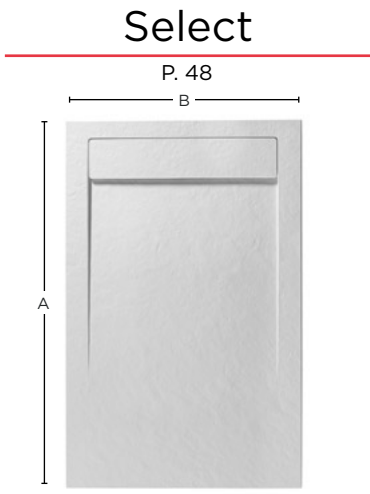

The successful textures of all our shower trays are replicas of natural surfaces, which is why the finish is so realistic.

Relief Plus Rim shower tray in Slate texture and Silk Grey colour combined with Space panels in the same colour and texture.

# Mondrian\*

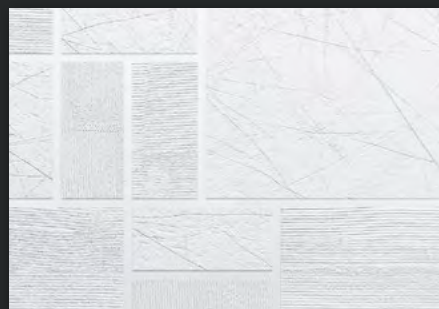

\*Available from 01/09/2021

The Mondrian shower tray is Quare Design's great aesthetic revolution for 2021. A shower tray with an avant-garde design inspired by the work of the painter gives it its name.

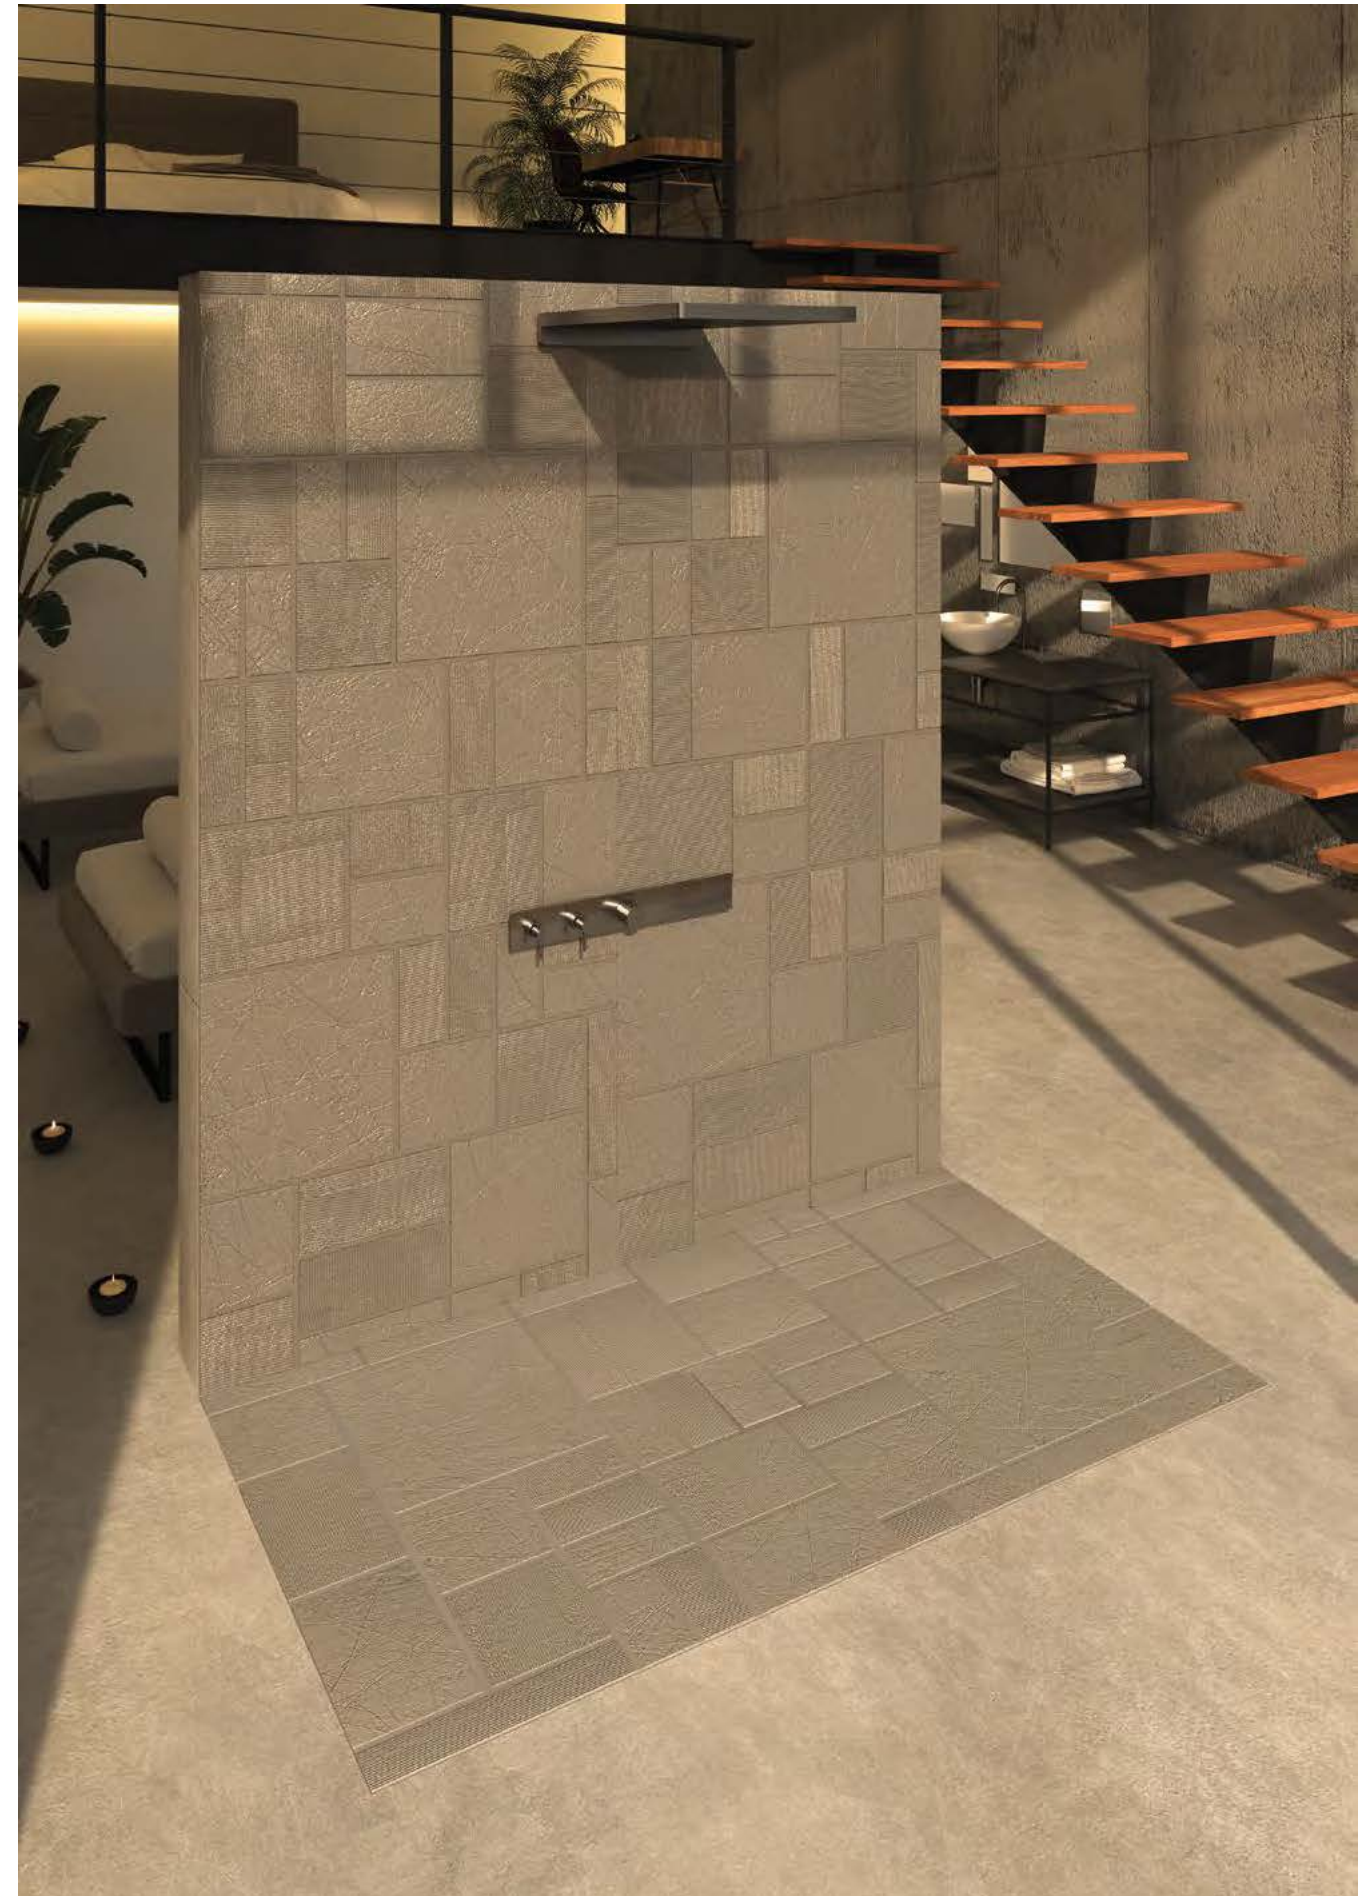

The surface of the tray has an exquisite combination of textures and geometric shapes.

The waste cover is discreet and integrated into the design itself. Mondrian shower tray comes to make your bathroom a work of art.

## Available Textures

COMPOSITION

A 900-1800 | B 800-1000

Mondrian shower tray and Space panel, both in Composition texture and Pure White colour.

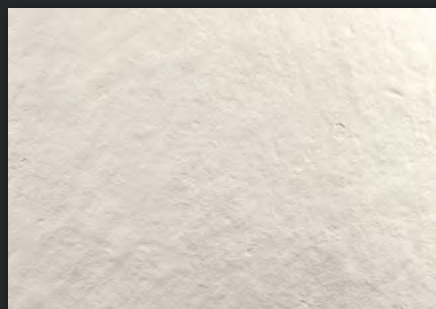

# Delta

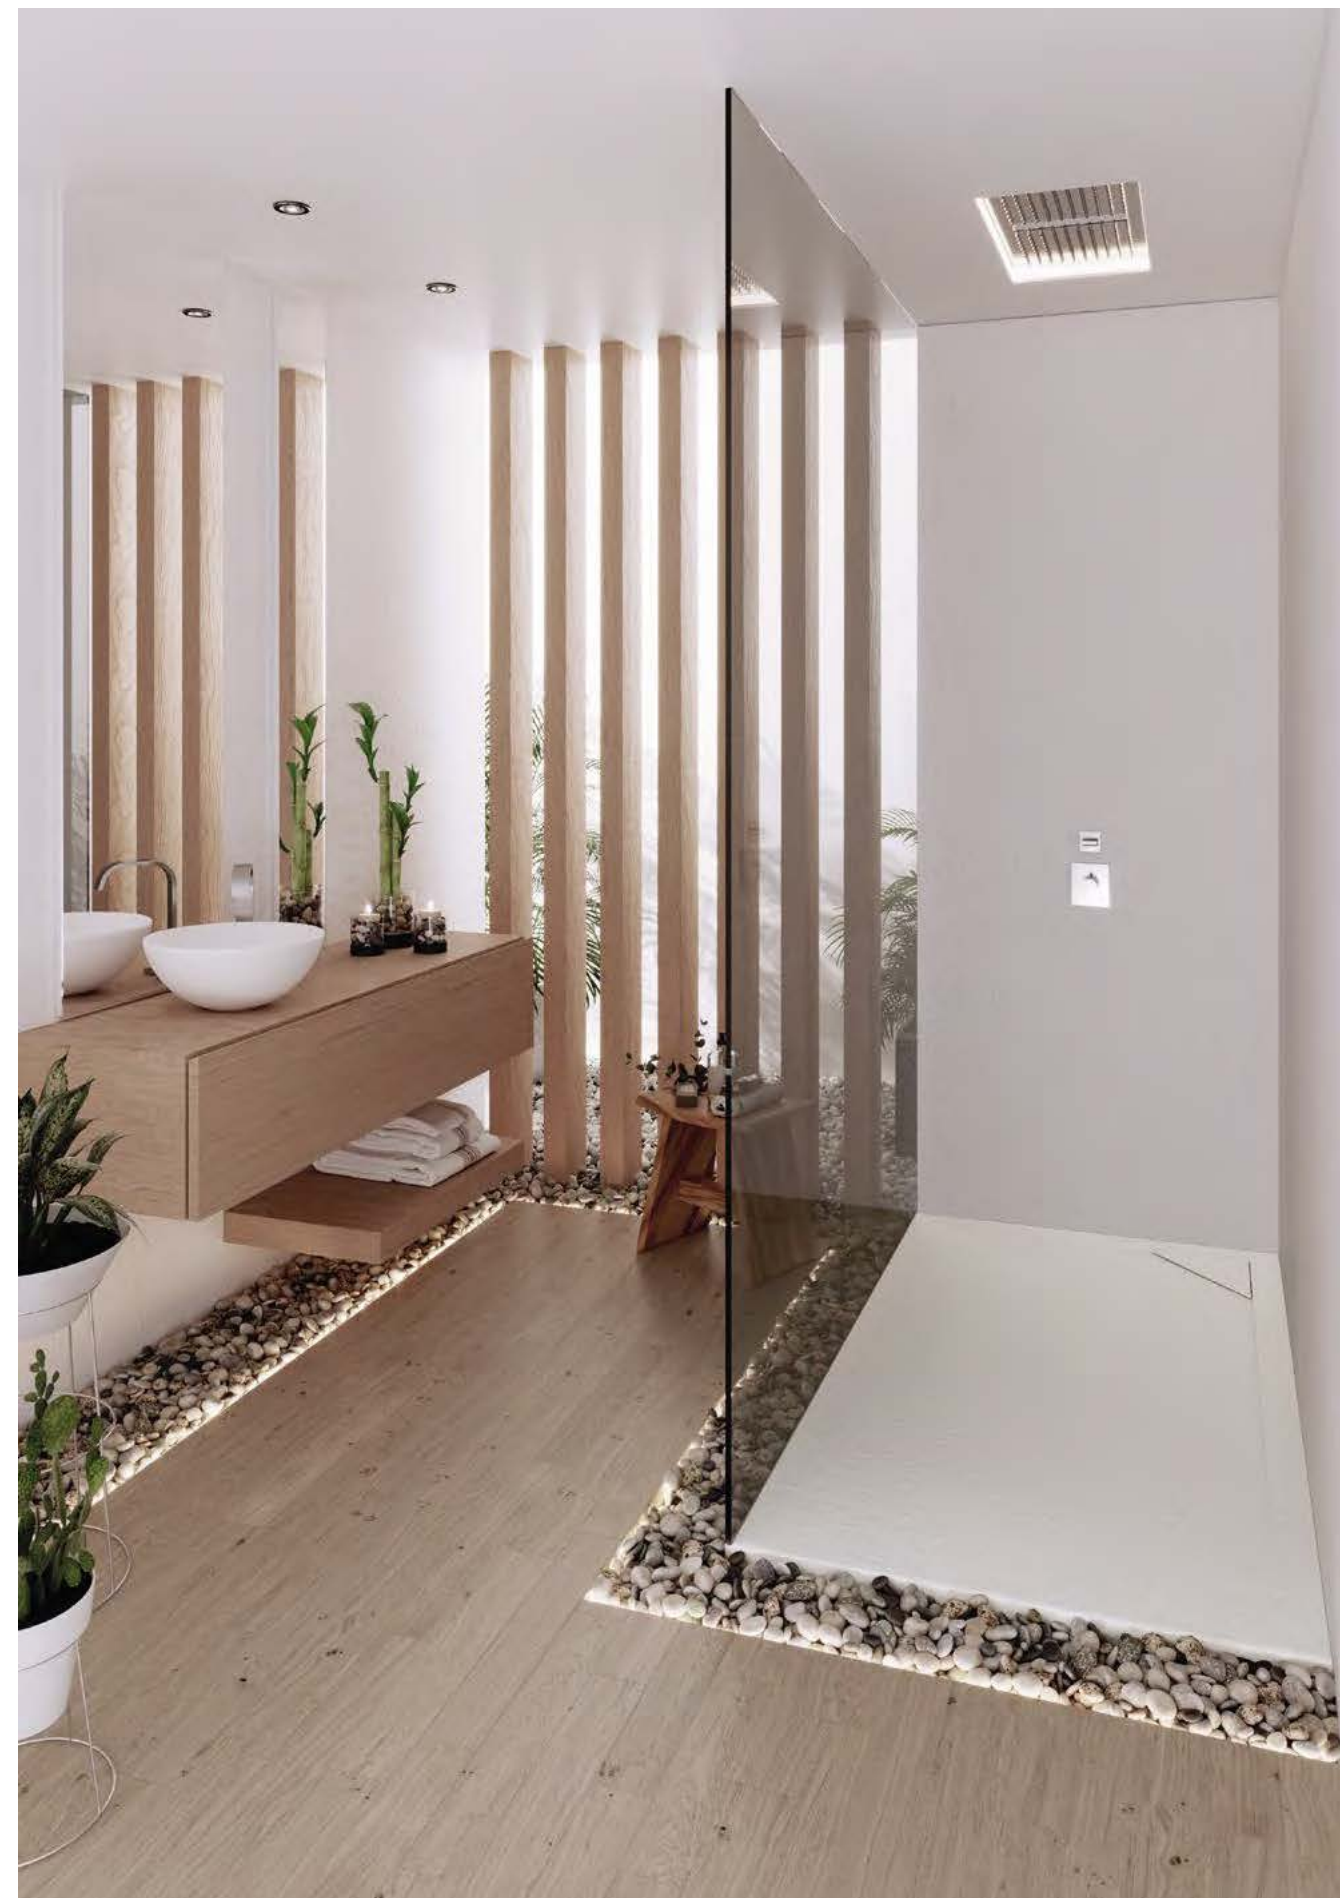

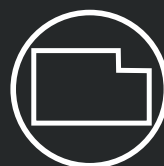

The Delta shower tray is one of the latest creations by Quare Design. It stands out for its smooth lines and the triangular design of its waste cover located in one of the corners of the shower tray, which can be placed to the right or the left depending on the customer's needs. This location of the waste gives a greater amplitude to the useful space of the shower tray.

Its slate texture faithfully reproduces the texture of a slate stone from Brazil, which gives it a delicate and natural appearance.

## Available Textures

Slate  
Anti-slip Class C

Delta shower tray in Slate texture and Pure White colour with Space panel, also in Slate texture and Grey colour and Dynamic washbasin in Smooth texture and Pure White colour.

# POSEIDON BENCHES

The Poseidon bench by Quare Design is an innovation with a great practical and aesthetic sense. The ideal complement allows you to unify the design of your entire shower space, turning it into a true moment of relaxation. Available in slate and smooth texture.

Its easy and quick installation avoids the costly works that are usually carried out to obtain a similar result. Its characteristics and qualities make it ideal for all types of projects.

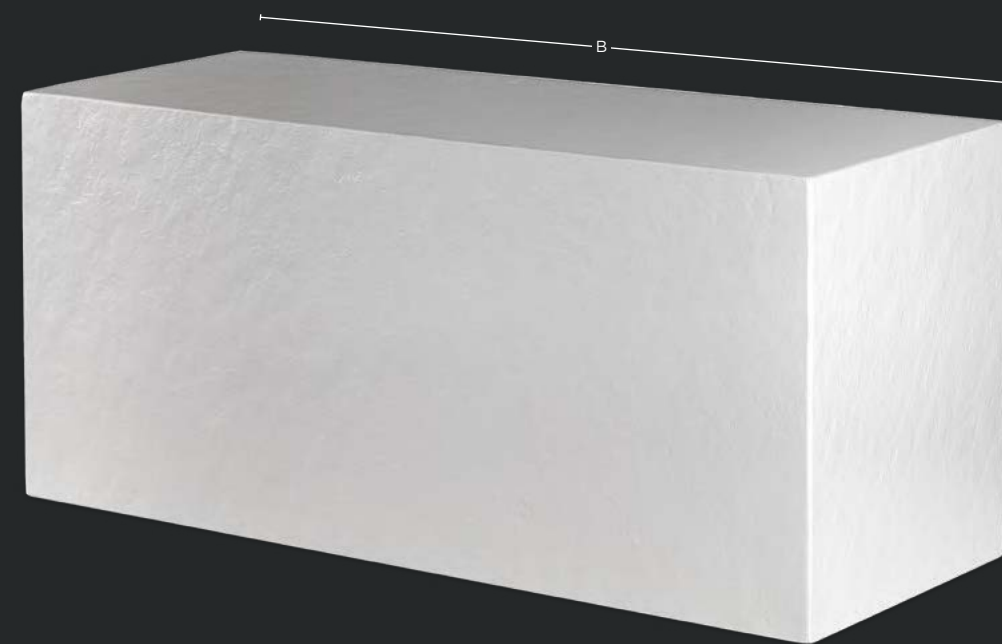

Poseidon bench, combined with the Relief Plus shower tray and Space panels, all in Slate texture and Pure White.

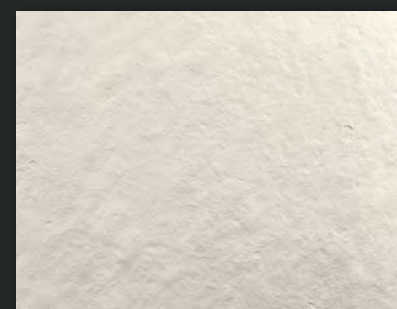

Poseidon bench in Smooth texture and Pure White colour, combined with the Radiance shower tray and Space panel both in Smooth texture and Grey colour.

## Special Colours

## 213 Colours RAL

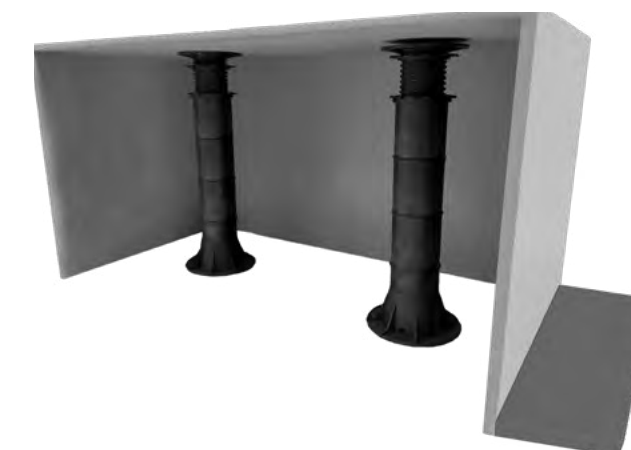

## Standard Colours

## Product Information

The bench is supplied with 2 reinforcing legs +1 cartridge of silicone + 1 insert in the colour of the tray in the size required to fill the space between the bench and the wall (available thicknesses: 25, 30, and 35 mm).

ATTENTION: We advise you not to glue the bench to the shower enclosure or to install it directly on the shower tray.

# SPACE PANELS

Space wall panels, available in Smooth, Slate, Wood, Granite, Crocodile, and Composition, offer the possibility of designing a unified space of texture and colour with Quare Design shower trays.

They are highly resistant to impact, simple to install, and can be cut on-site to fit any space. They require little maintenance and with simple standard cleaning will maintain their pristine appearance for the life of the product.

# DECO WC - TULIP DECO BIDET - DAISY

The Deco WC Tulip and Deco Bidet Daisy by Quare Design are one-piece design structures, easy and quick to install. They are designed to cover the cisterns and pipes of wall-hung toilets and bidets, as well as facilitating access to them without having to carry out any building work.

It is an aesthetic, practical, and decorative solution that achieves a neat, designer finish. Available in smooth, slate, and crocodile textures.

Deco WC without sidewalls in Crocodile texture and Pure White colour.

Deco WC Tulip and Deco Bidet Daisy in smooth texture, colour RAL 5014.

# WORKTOPS AND SHELVES

Our family of worktops and shelves is made to measure: with single or double sinks and the possibility of positioning them on one side or centred. Our products offer unlimited possibilities to make the bathroom a unique space.

Our worktops are made to measure to cover the exact space, and with the possibility of choosing from a wide range of colours. Also, the worktops are made from a single piece of the same material, so that, as there are no joints, there is no expansion between the different parts of the product. The rounded corners on the inside of the sinks make it easier to clean the worktop and prevent the accumulation of waste.

## Packaging and Installation

When you receive the product, make sure that there is no damage or other irregularity. Please note on the delivery note of the transport company any anomaly that you detect: missing packages, damaged packaging, pallet, etc.

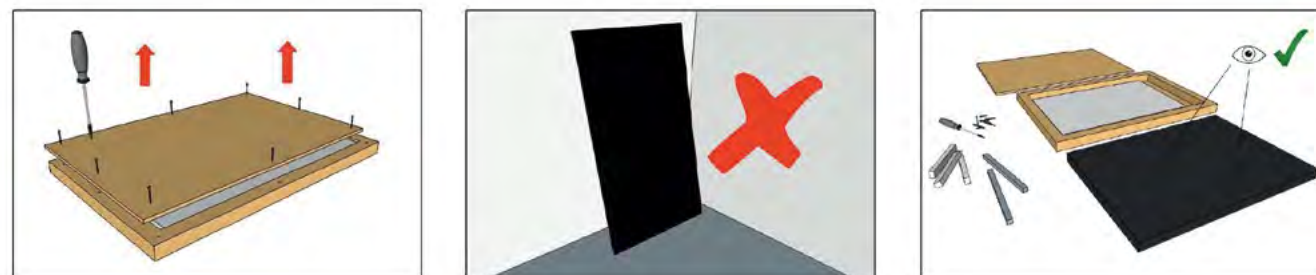

100% of the items supplied by QUARE DESIGN are subjected to rigorous quality control before being shipped to its customers.

Keep the product in a horizontal position in its original packaging until installation. It is not advisable to rest it on vertical surfaces (walls, walls, columns... etc) in a semi inclined position.

# General Terms and Conditions of Sale

**Price:**  
The base prices are those indicated in the RRP rate excluding V.A.T. with such character and are subject to variation without prior notice. The buyer's general conditions are not applicable unless accepted in writing by QUARE DESIGN S.L. Prices are DDP for any order above 150€.

**Offers:**  
All offers made by QUARE DESIGN S.L. must be confirmed in writing, using a Proforma invoice.

**Special conditions:**  
All special conditions concerning the product, delivery time, or other, must be approved by QUARE DESIGN S.L. in writing, through a proforma invoice before order confirmation.

**Proformas:**  
All proforma invoices must contain the following data:  
1. Sales price  
2. Trade discounts  
3. Description and quantity of each product  
4. Delivery time from the factory  
5. Terms of delivery  
6. Terms of payment  
No taxes, duties, customs duties, will be included in the proformas.

**Ordering:**  
All orders must contain a detailed description of the product, quantity, and desired delivery date.  
All orders must be confirmed by a proforma invoice and will be considered as approved by QUARE DESIGN S.L. once the proforma is returned signed and stamped. Orders and proformas will be sent by fax or e-mail.

**Cancellation or modification of orders:**  
Orders will be considered firm for QUARE DESIGN S.L. upon receipt of the proforma invoice by the buyer. The proforma invoice will be sent by e-mail or fax. All requests for modification or cancellation of the order must be consulted with QUARE DESIGN S.L. no later than 3 days before the date of shipment. For orders of special products, no cancellation will be accepted if the manufacturing of these products has started. Orders cannot be cancelled when the product has been shipped or when, in the case of special products, manufacturing has already begun.

**Delivery and delivery date:**  
The maximum delivery time for standard products is set at 30 days after the date of issue of the proforma invoice signed and stamped by the purchaser. In case of force majeure, severe weather conditions, customs conditions, or other circumstances, QUARE DESIGN S.L. reserves the right to modify the delivery time and will in no case constitute the right of the buyer to cancel the order or to claim compensation.  
In the event of a delay of more than 15 days, the buyer and QUARE DESIGN S.L. will decide by mutual agreement on the best delivery solution. The buyer undertakes to accept partial deliveries and to cooperate with QUARE DESIGN S.L. to ensure delivery.

**Payment:**  
The buyer undertakes to make a payment on the date indicated on the invoice and shall bear the bank charges incurred.

**Solvency and late payment:**  
QUARE DESIGN S.L. reserves the right to suspend orders in progress if the buyer, because of a negative financial report, causes delays in payment or unresolved disputes with QUARE DESIGN S.L.

**Merchandise:**  
All products are supplied according to the standard packaging of QUARE DESIGN S.L. All requests for modification of the packaging must be approved by QUARE DESIGN S.L. and if these changes involve additional costs, the latter shall be borne by the purchaser.

**Insurance:**  
The transport insurance shall be borne by QUARE DESIGN S.L. or the buyer, as determined by the Incoterm 2000 rule by the two parties, that shall be indicated on the proforma invoice.

**Receipt of the products:**  
The purchaser undertakes to inspect the products upon receipt, i.e. on arrival, or at the premises of a third party designated by him, and to transcribe the notes and comments on the transport documents.  
In the event of damage or defects, the purchaser shall be responsible for notifying the carrier within 72 hours and simultaneously informing QUARE DESIGN S.L. in writing with the corresponding photographs.  
Complaints procedures:  
The buyer has to declare in writing, within 48 hours from the date of receipt of the goods, any defect or damage to QUARE DESIGN S.L., using an email with photographs of the damaged or defective products, as well as their packaging. No tax, no duty, no customs clearance will be included in the proformas.  
QUARE DESIGN S.L. undertakes to confirm receipt of the documents and to reply to the complaint within a maximum of 48 hours. Damaged or defective products must be stored in the buyer's premises, available for inspection by a representative of QUARE DESIGN S.L. until the claim is finalised.  
Defects in any part of the goods or damage to the goods cannot lead to total rejection, delay in payment, or a deduction of the amount on the corresponding invoice.

**Return of products:**  
QUARE DESIGN S.L. will not accept any return of goods without a written agreement between QUARE DESIGN S.L. and the buyer.

**Warranty:**  
The commercial guarantee offered by QUARE DESIGN S.L. will be valid only if this article was purchased in one of the member countries of the European Union. Sales outside the European Union are not covered by this warranty unless otherwise agreed in writing with QUARE DESIGN S.L. QUARE DESIGN S.L. guarantees its products and their components against any lack of conformity, resulting exclusively from a manufacturing defect or a defect in raw materials. The warranty period begins on the date of delivery from the EX-WORKS factory.  
QUARE DESIGN S.L. does not guarantee its products against damage caused by improper use, mishandling, or improper storage, installation not carried out following the written instructions supplied, or repairs carried out by unauthorised and properly trained personnel.  
The warranty is limited to the repair or replacement in EX-WORKS conditions of the products recognised as defective by QUARE DESIGN S.L.  
The warranty does not cover the costs of removal or installation of products, nor the costs of transport or other related costs such as economic losses or direct or indirect damages. The guarantee also excludes expenses resulting, directly or indirectly, from the replacement of the products.  
The proposed finishes and textures of QUARE DESIGN S.L. are intended to faithfully reflect the elements of nature (wood, granite, crocodile, slate, etc.), with the imperfections typical of these materials, not considering these as quality defects, but as differentiated proposals that provide authenticity to all its products.  
QUARE DESIGN S.L. is not responsible for any damage caused by the misuse of the goods. The guarantee will only be applied if the claim is notified in writing to QUARE DESIGN S.L. within 30 days of finding any faults, and accompanied by the corresponding document of purchase.

**Warranty period:**  
Shower trays: 5 years  
Panels: 5 years  
Worktops and shelves: 5 years  
Countertops and shelves: 5 years  
Benches: 5 years  
Deco WC / Bidet: 5 years

**Damages:**  
The maximum liability of QUARE DESIGN S.L. is limited to 20% of the net amount of the last 12 months of the customer's sale. If it is proven that QUARE DESIGN S.L. has breached any material contractual obligation, the obligation of QUARE DESIGN S.L. to compensate for material or personal damages will at all times be limited to the value of the company's insurance policy, product, and/or third-party liability. This policy is available to purchasers should they wish to read it.

Cases of negligence on the part of QUARE DESIGN S.L. personnel will not be subject to the conditions of this policy and will be considered as non-serious breaches of our supply obligations and will be resolved by agreement between QUARE DESIGN S.L. and the purchaser.  
QUARE DESIGN S.L. will not be held responsible for the following cases:  
1. Long-term damages/defects  
2. Unforeseeable and atypical damages.  
3. Damage that can be resolved by the buyer.  
4. If the purchaser has his insurance policy, QUARE DESIGN S.L. shall be considered exempt from any corporate liability claims.

**Modifications:**  
QUARE DESIGN S.L. reserves the right to modify prices and to apply technical modifications to the products.

**Ownership:**  
QUARE DESIGN S.L. reserves the ownership of its goods until they have not been paid in full by the buyer and that the buyer has fulfilled all its obligations.  
QUARE DESIGN S.L. reserves the right to take back unpaid products. The buyer is obliged to inform the place where these products are located and facilitate their access. QUARE DESIGN S.L. has the right to dispose of these products in the best possible way, deducting the amount received from the buyer's non-payment and after deducting any collateral costs. It is understood that the buyer also includes in his conditions of sale retention of title clause in addition to having insurance against flood, fire, and theft of goods.

**Jurisdiction:**  
In the event of a dispute, the purchaser shall first contact QUARE DESIGN S.L. to obtain an amicable solution. All disputes relating to the training, execution, and termination of contractual obligations between the parties that cannot be settled amicably will be submitted to the jurisdiction of the Court of Madrid, Spain, according to Spanish law.
